About Me

A passionate and detail-oriented web developer with 2 years of experience in building responsive and user-friendly websites. Proficient in HTML, CSS, JavaScript, and frameworks such as React and Node.js. Adept at working in agile environments and collaborating with cross-functional teams to deliver high-quality projects. Seeking to bring my skills in front-end and back-end development to contribute to innovative projects.

Experience

Portfolio

- Created a personal Portfolio to showcase my web development skills
- Utilized React.js+Vite for structuring the content
